

# u-line icemakers

If your passion is life on the water,  
you'll want to include U-Line ice making  
and refrigeration in your boating experience.

Consider sleek, elegant styling. Superior performance. Unique features. And a diverse product line that boasts the most complete selection of built-in, undercounter products in the industry. With U-Line Ice Makers and Combo® Ice Maker/Refrigerators on board, you can cast off assured of frosty refreshments for your entire crew and cruise!

First, let's talk about ice – and plenty of it. U-Line offers compact Ice Makers specifically designed for marine use that feature corrosive-resistant and UV-resistant components to withstand the outdoors.

Plus, U-Line Ice Makers offer these additional distinctive benefits:

- Makes lots of ice – fast! An abundant supply of ice cubes in a short time.
- Conserves water – producing over 20 lbs. of ice daily from only 2 3/4 gallons of water.
- Energy efficient.
- Requires no drain – easy installation.
- Available in 220/230V 50/60 cycle.
- Travel pin keeps door securely closed.
- Front venting allows for easy, built-in installation.
